

# ARTURO MONROY MORA

---

## COMPUTER SYSTEMS ENGINEERING STUDENT

---

### CONTACT

---

55 3128 5804  
oldrevan66@gmail.com

### PROFILE

---

I would describe myself as a hard-working, conscientious, positive, and industrious person who is keen to start work in a productive team environment. During my studies, I learned the importance of being disciplined, completing my work on time and to a high standard, and supporting other students in their work.

The fact that I am new to the working environment means you will be hiring a very passionate and dedicated worker, and someone who can bring new and fresh ideas to the team.

### SKILLS

---

Advanced English  
Diligent working  
Complex thinking  
Fast learning  
Creativity  
Strategic thinking

### EDUCATION

---

CECyT 13 IPN  
**2016-2019**  
IT Technician

### QUALIFICATIONS

---

Cambridge English  
**2015**  
B2 First

Cambridge English  
**2019**  
C1 Advanced

### RELEVANT EXPERIENCE

---

CECyT 13 Final Year Project

#### **2019**

Using .NET, HTML, C# and SQL Server I helped develop a website for learning Mandarin Chinese along with a team of students.

ESCOM IPN

#### **2019-Present**

As an engineering student I've used several programming tools and languages to craft projects for my courses. These include C/C++, Haskell, VHDL, Java, HTML, CSS, JavaScript, SQL and Python.

MasterCode Competitive Programming

#### **2022**

Participated and completed a first course on competitive programming by mastercode.eakdemy.com. Which along with my engineering courses provided me with knowledge and practice of algorithms and data structures.
